#### Rocky Road Ahead For The Mayor And Two Commissioners Psychic Does Magic

It is practically certain that an ouster suit will be filed against Mayor Monteverde and Commissioners Quinn and Macon immediately after the election.

A good deal has been said about an ouster suit during the campaign and it would have been filed before the election if it had not been blocked by 1.

M. Stratton, chairman of the Citizens leave campaign committee.

M. Stratton, chairman of the Citizens league campaign committee. It was stated Tuesday that the ouster bill has been drawn, 14 property owners have affixed their signatures as relators and a lawyer has been retained to file and prosecute the suit. The bill contains sensational charges implicating those higher up as well as subordinates with gross violation of the law in many ways.

subordinates with gross violation of the law in many ways.

The bill will charge that money was collected from law violators for the Williams campaign fund; that law violators who made contributions were permitted by the police to operate while only those who did not contribute wern closed by them. The bill may be filed Friday. The Citizens' league directors did not want.

#### Tricks, Then Shows How They're Done

Highly interesting demonstrations of mind-reading, palmistry, hypnotism and other so-called mysteries together with an exposure of the fakers connected with many of these practices are to be given Tuesday right at the Goodwan institute by Arthur Deiroy, English payoric, entertainer and lecturer.

Mr. Deiroy's object is to show what satisface and truth there is in such subjects and to warn the super-stitious of the frauds often perpetrated upon them. It is all done in a breezy, humorously satirical manner, the listener hardly having time to laugh at one thing before Mr. Deiroy is deep in another.

Mr. Deiroy first began has present

and is free, slate writing will be demonstrated along with practical demonstrations of levitation, scaling papers bearing questions in a bottle and bringing out the answers without breaking the seal on the bottle. All of the tricks ordinarily practiced will be offered for the delectation of the audience together with an exposure of how the tricks are done.

with an exposure of how the tricks are done.

Mr. Delroy's theory is that the mind is supreme and that a man is the meker of his own character and not the victim of the 'make up' with which he was born. He believes that an individuality is the primary cause for most success and failure in life, and that each man must aim to control his own destiny in this respect.

The doors will be opened at 7:30 o'clock and the lecture will begin promptly at 8:15 c'clock. No charge of admission is to be made the entertainment being given under the auspices of the Goodwyn institute.

It is expected, according to C. A.

the traffic association, that this will
result in the saving of a great deal of
money to shippers. Under the present
rules the railroads are not required to
notify shippers of unclaimed or refused
shipments and they often lie at their
destinations for days while demurrage
charges pile up. Such charges have
been known to run into the hundreds of
dollars before shippers found out that
cars were undelivered and could make
arrangements for their delivery. The
rule will be of especial advantage, too,
now that the railroad administration

mented the motor. Of course, they com-pliment a Red Seal Continental, for there is nothing better. But this one has been so conveniently adjusted to the car, the dust pans do not have to be taken off to get into the crank case.

The starter, motor and generator can be removed without first removing some other part. The distributor is well back, under the exhaust manifold, where the fan does not throw water on it when driving in the rain. All con-trol rods are outside and easily ad-justed.

We do not try to get you interested before giving you the price, for the reasonable price is as catchy as any other feature. People say: "That is a mighty pretty car for that money." A great many have said: "You wen't have any trouble selling that car for that price."
